BRIXTON METALS

Atlin Gold Project

Au

- 11/20 largest gold nuggets found in BC are from the Atlin Camp
- Focused on high grade orogenic and intrusion-related gold
- 120 years of placer gold production but limited hard rock exploration
- Non-NI 43-101 compliant resource of 453,500 t at 10g/t¹
- Best intercept: 5.57m of **Au (g/t)**
509.96

Langis-Hudson Bay

Ag Co 

- Under-explored high grade silver-rich district
- Past production of silver and cobalt
- Brixton discovered diamond-bearing kimberlites in 3 drill holes
- Best intercept: 6m of **Ag (g/t)** **Co %**
4719 0.33

Hog Heaven

Ag-Au
Cu-Pb,Zn

- Advanced exploration stage project—60,000m in 722 historical drill holes
- Ready to drill high grade targets
- Non-NI 43-101 compliant resource: approx. 60 Moz AgEq²
- One hole ended in 3% Cu
- Best intercept: 53m of **Ag (g/t)**
411

Thorn

Au Cu Ag

- Located in the prolific golden triangle of BC
- Confirmed district-scale Cu-Au porphyry potential
- Collaborative studies underway with MDRU at the University of British Columbia
- Best intercept: 95m of **Ag (g/t)** **Au (g/t)** **Pb %** **Zn %** **Cu %**
628 1.7 3.3 2.4 0.12

Disclaimer: ¹These are historical figures and do not comply with the CIM reporting standards NI 43-101 for mineral resources or reserves and should not be relied upon.

²While Brixton Metals Corporation considers these estimates relevant to investors as it may indicate presence of mineralization.

A QP for Brixton has not done sufficient work to classify historical estimates as current mineral resources as defined by NI 43-101 and Brixton is not treating these historical estimates as current mineral resource.

**BRIXTON
METALS**

Advancing high-potential gold and silver projects

High discovery rate for limited expenditures

Early adoption of Artificial Intelligence & Machine Learning to generate targets, reduce time/cost of discovery & improve efficiencies in exploration

Systematic exploration on reasonable low-cost acquisitions

Why invest in Brixton?

- Wholly owned projects
- Diverse commodities in stable jurisdictions
- Experienced management team
- Successful in building companies
- Large land holdings in prospective mining camps
- Well positioned for an upturn in the sector
- Seeking JV partners on one or more projects
