

Full-Time Project Geologist

Brixton Metals Corporation is a publicly traded (TSXV: BBB) (OCTQB: BBBXF), Canadian mineral exploration company focused on the advancement of its copper-gold-silver exploration projects. Brixton wholly owns four exploration projects in BC, Ontario and Montana.

Our team is seeking a **Full-Time Project Geologist** reporting directly to the Exploration Manager.

The duties and responsibilities of the Project Geologist include, but are not limited to, the following:

- Develop and increase the understanding of the exploration projects.
- Participate in drill hole and development planning.
- Interpretation of geological data-sets and geochemical analysis.
- Collaborate with team members on target generation and ranking exploration priorities.
- Collaborate with team members to assist with Brixton Metals' data management requirements across various projects.
- Core logging and assisting with geotechnical duties as may be required.
- Work with other geologists in the completion of computerized mapping and models.
- Manage and provide technical support to field exploration staff.
- Prepare and update the drill hole database, daily geology reports, and other records (including Assessment Reports).
- Conduct surface geological mapping and geochemical sampling.
- Prepare maps, promotional materials and corporate and technical presentations.
- Perform additional duties as required.
- Demonstrate awareness and commitment to health, safety, community and environmental protection in keeping with Company goals and objectives.

QUALIFICATIONS

- B.Sc. Degree in Geological Sciences or Equivalent.
- Minimum of 3 years experience.
- Experience with GIS and Microsoft software.
- Professional registration with G.I.T. or P.Geo. designation in good standing is considered an asset.
- Obtain and maintain Mine Manager certification (British Columbia).

ADDITIONAL INFORMATION

- Field work location is a remote camp only accessible by air.

Kindly forward your cover letter and resume via email to: careers@brixtonmetals.com, using the subject line "**Project Geologist**".
