

## **CAREER OPPORTUNITY**

### **EXPLORATION MANAGER**

Brixton Metals Corporation is a publicly traded (TSXV: BBB) (OCTQB: BBBXF), Canadian mineral exploration company focused on the advancement of its copper-gold-silver exploration projects. Brixton is advancing two of its projects in British Columbia and Ontario.

The position of Exploration Manager requires travel for marketing and corporate matters and travel to projects for management and mineral exploration purposes.

As Exploration Manager, the role includes, but is not limited to, the following:

- Implement and oversee the Company's exploration programs at existing mining operations and projects;
- Lead new target generation on the Company's projects;
- Participate in strategic planning to define exploration priorities and strategies;
- Continuously develop leadership and a culture of mentorship within the Brixton team;
- Oversee management of employee activities and scheduling;
- Prepare exploration budgets, implement and execute activities;
- Report to senior management on the progress of projects, budgets and expenditures;
- Oversee QA/QC protocols, data management, and the preparation of geological models;
- Oversee permitting including strategic planning, implementing multi-year permits and various land, environment and mitigation measures and operational reports;
- Participate in the selection, negotiation and execution of contracts of contractors, consultants and employees;
- Manage initiatives with First Nations with respect to Company projects;
- Uphold safety protocols for contractors and employees on project sites and compliance with all legal and governmental obligations and legislations;
- Perform other managerial duties as assigned.

Requirements:

- Minimum 8 years of geological experience with at least 3 years in a similar role;
- Extensive experience working in gold, silver, and copper exploration and discoveries, including porphyry and several mineral deposit types;
- Maintain P.Geol. designations in provinces where we operate;
- Travel is a significant requirement of this role (> 50% travel);
- Obtain and maintain BC Project Manager (Mine Manager) certification.
- Reliable self-starter with a strong work ethic.
- Cooperative team player.

### **ADDITIONAL INFORMATION**

- Work locations include remote, live-in camps, which are only accessible by air in Canada
- Ability to work in areas of extreme and difficult weather conditions.

- Rotational schedule is required (long work rotations).
- Must be able to lift/move up to 50lbs throughout a work shift.
- Salary to commensurate with experience
