

Full-Time Geological Technician (Haileybury/Cobalt, Ontario)

Brixton Metals Corporation is a publicly traded (TSXV: BBB) (OCTQB: BBBXF), Canadian mineral exploration company focused on the advancement of its **copper-gold-silver exploration projects**. Brixton Metals is hiring for its Langis-HudBay Project.

We are currently seeking a **Geological Technician** beginning early April 2026 (anticipated) and continuing for the duration of the drill program.

JOB DESCRIPTION

Duties may include the following:

- Assisting with aspects of geotechnical core logging including, but not limited to, moving core boxes, measuring, weighing, and marking drill core, collecting photographs and following sampling protocols;
- Preparing sample submissions to assay laboratories following established QAQC procedures;
- Additional work in and around the work site including, but not limited to, assisting drillers, transporting core from the drill to the core shack, snow removal, and loading sample bags for transport; and
- Demonstrate awareness and commitment to health, safety, community and environmental protection in keeping with Brixton Metals' goals and objectives.

QUALIFICATIONS

- Eligible to work in Canada at time of application.
- Geological Technology Certificate or Diploma and/or 1-3 years of related experience in a similar role.
- Valid driver's license.
- Reliable with a strong work ethic.
- Cooperative team player.

ADDITIONAL INFORMATION

- Reporting to various field work locations (Cobalt, Ontario & surrounding areas).
- Must be able to lift/move up to 50lbs throughout a work shift.
- Rotational schedule.
- Ability to work in areas of extreme and difficult weather conditions.
- Personal outdoor work gear is required (i.e. warm clothing, steel-toed boots, rain gear, gloves/mittens, etc.) and is not provided by the Company. PPE (i.e. safety glasses, respirators and high-vis) is provided by the Company.
