

## **CAREER OPPORTUNITY**

### **EXPLORATION MANAGER (P.Geo.)**

**(Project location: Cobalt, Ontario)**

Brixton Metals Corporation is a publicly traded (TSXV: BBB) (OCTQB: BBBXF), Canadian mineral exploration company focused on the advancement of its copper-gold-silver exploration projects. Brixton is advancing two of its projects in British Columbia and Ontario.

The position of Exploration Manager (Ontario) requires travel to projects for day-to-day management and mineral exploration purposes. While the current focus is the drill program at our Langis Project near Cobalt, ON, opportunities to work at other projects and locations may apply.

As Exploration Manager, the role includes, but is not limited to, the following:

- Manage the day-to-day operations of the Company's exploration program in Ontario;
- Lead new target generation on the Company's projects;
- Design drill hole planning and geological modelling (wire frames) in Leapfrog;
- Participate in strategic planning to define exploration priorities and strategies;
- Continuously develop leadership and a culture of mentorship within the Brixton team;
- Oversee management of employee activities and scheduling;
- Prepare exploration budgets, implement and execute activities;
- Report to senior management on the progress of the project, budgets and expenditures;
- Oversee QA/QC protocols and data management;
- Oversee land management and land access in Ontario;
- Participate in the selection, negotiation and execution of contracts of contractors, consultants and employees;
- Uphold safety protocols for contractors and employees on project sites and compliance with all legal and governmental obligations and legislation;
- Perform other managerial duties as assigned.

Requirements:

- Minimum 8 years of geological experience with at least 3 years in a similar role;
- Strong skills in Leapfrog modelling is preferred;
- Extensive experience working in gold, silver, and copper exploration and discoveries;
- Maintain P.Geo. designation in Ontario;
- Travel is a significant requirement of this role (> 50% travel);
- Reliable self-starter with a strong work ethic;
- Cooperative team player.

### **ADDITIONAL INFORMATION**

- Hybrid-remote work with a requirement for field work at Cobalt, ON and surrounding areas.

- Ability to work in areas of extreme and difficult weather conditions.
- Must be able to lift/move up to 50lbs throughout a work shift.
- Salary (commensurate with experience): \$120,000 - \$150,000 (preference for skills in Leapfrog modelling).

#### HOW TO APPLY:

Please email your cover letter and CV to: [careers@brixtonmetals.com](mailto:careers@brixtonmetals.com)

Weblinks or sample maps and modelling may also be submitted for consideration.

\* Professional reference check is required for shortlisted applicants.
